

GEORGE WASHINGTON'S

## First Thanksgiving Proclamation

OCTOBER 3, 1789

WHEREAS, IT IS THE DUTY OF ALL NATIONS TO ACKNOWLEDGE THE PROVIDENCE OF ALMIGHTY GOD, TO OBEY HIS WILL, TO BE GRATEFUL FOR HIS BENEFITS, AND HUMBLY TO IMPORE HIS PROTECTION AND FAVOR; AND

WHEREAS, BOTH HOUSES OF CONGRESS HAVE, BY THEIR JOINT COMMITTEE, REQUESTED ME "TO RECOMMEND TO THE PEOPLE OF THE UNITED STATES A DAY OF PUBLIC THANKSGIVING AND PRAYER, TO BE OBSERVED BY ACKNOWLEDGING WITH GRATEFUL HEARTS THE MANY AND SIGNAL FAVORS OF ALMIGHTY GOD, ESPECIALLY BY AFFORDING THEM AN OPPORTUNITY PEACEABLY TO ESTABLISH A FORM OF GOVERNMENT FOR THEIR SAFETY AND HAPPINESS;"

NOW, THEREFORE, I DO RECOMMEND AND ASSIGN THURSDAY, THE 26TH DAY OF NOVEMBER NEXT, TO BE DEVOTED BY THE PEOPLE OF THESE STATES TO THE SERVICE OF THAT GREAT AND GLORIOUS BEING WHO IS THE BENEFICENT AUTHOR OF ALL THE GOOD THAT WAS, THAT IS, OR THAT WILL BE; THAT WE MAY THEN ALL UNITE IN RENDERING UNTO HIM OUR SINCERE AND HUMBLE THANKS FOR HIS KIND CARE AND PROTECTION OF THE PEOPLE OF THIS COUNTRY PREVIOUS TO THEIR BECOMING A NATION; FOR THE SIGNAL AND MANIFOLD MERCIES AND THE FAVORABLE INTERPOSITIONS OF HIS PROVIDENCE IN THE COURSE AND CONCLUSION OF THE LATE WAR; FOR THE GREAT DEGREE OF TRANQUILITY, UNION, AND PLENTY WHICH WE HAVE SINCE ENJOYED; FOR THE PEACEABLE AND RATIONAL MANNER IN WHICH WE HAVE BEEN ENABLED TO ESTABLISH CONSTITUTIONS OF GOVERNMENT FOR OUR SAFETY AND HAPPINESS, AND PARTICULARLY THE NATIONAL ONE NOW LATELY INSTITUTED; FOR THE CIVIL AND RELIGIOUS LIBERTY WITH WHICH WE ARE BLESSED, AND THE MEANS WE HAVE OF ACQUIRING AND DIFFUSING USEFUL KNOWLEDGE; AND, IN GENERAL, FOR ALL THE GREAT AND VARIOUS FAVORS WHICH HE HAS BEEN PLEASED TO CONFER UPON US.

AND ALSO THAT WE MAY THEN UNITE IN MOST HUMBLY OFFERING OUR PRAYERS AND SUPPLICATIONS TO THE GREAT LORD AND RULER OF NATIONS, AND BESEECH HIM TO PARDON OUR NATIONAL AND OTHER TRANSGRESSIONS; TO ENABLE US ALL, WHETHER IN PUBLIC OR PRIVATE STATIONS, TO PERFORM OUR SEVERAL AND RELATIVE DUTIES PROPERLY AND PUNCTUALLY; TO RENDER OUR NATIONAL GOVERNMENT A BLESSING TO ALL THE PEOPLE BY CONSTANTLY BEING A GOVERNMENT OF WISE, JUST, AND CONSTITUTIONAL LAWS, DISCREETLY AND FAITHFULLY EXECUTED AND OBEYED; TO PROTECT AND GUIDE ALL SOVEREIGNS AND NATIONS (ESPECIALLY SUCH AS HAVE SHOWN KINDNESS TO US), AND TO BLESS THEM WITH GOOD GOVERNMENTS, PEACE, AND CONCORD; TO PROMOTE THE KNOWLEDGE AND PRACTICE OF TRUE RELIGION AND VIRTUE, AND THE INCREASE OF SCIENCE AMONG THEM AND US; AND GENERALLY, TO GRANT UNTO ALL MANKIND SUCH A DEGREE OF TEMPORAL PROSPERITY AS HE ALONE KNOWS TO BE BEST.

GIVEN UNDER MY HAND, AT THE CITY OF NEW YORK, THE 3RD DAY OF OCTOBER, A. D. 1789.

## Mobile Homes Top Agenda For City Council

The city council meeting in regular session Tuesday took care of a moderate agenda.

One request was from Billy Grimes asking for time to arrange mobile homes near City Park in the manner required by the city's mobile home ordinance which became effective October 3. Grimes was told he had 90 days and could also request a 180 day extension if necessary.

Two requests for special use permits for mobile homes were tabled because no one appeared for either public hearing.

Another request was from the Ministerial Association which asked that the city fire siren be sounded at noon each day between Christmas and New Years to call people to prayer in conjunction with special services in the churches. The request was denied following discussion that centered on the possible devaluation of emergency equipment if used for such purposes.

In other business, the council: Awarded bid for a tractor and shredder to the Milam Tractor Co.; Was asked to consider the purchase of two lots to open up Burns St.

Adopted a resolution from the fire department making former fire chief Carl Black an honorary lifetime fire chief.

Heard the second and final reading on the Long Star Gas rate ordinance.

Turned over to city code inspector Edwin Bigbee a proposed plat of a subdivision planned by Edward Demerson.

## Work Starts On Dam Site

Work has begun on a project building and access roads to the Laneport Dam site on the San Gabriel River about 10 miles north-east of Taylor.

Odell Geer Construction Co. of Harker Heights, low bidder on the project, also has heavy equipment at work on Williamson County Road No. 1, in preparation for work on the North Fork Dam, 3.5 miles west of Georgetown on the North Fork of the San Gabriel River.

A hearing was held in New Orleans earlier in the week on an appeal on Federal District Judge Robert's denial of an injunction to halt work on the San Gabriel projects.

The U. S. Fifth Circuit Court of Appeals may take three weeks to 18 months to reach a decision on the appeal made by several environmental groups.

The U. S. Corps of Engineers is moving ahead with plans for the two dams and has opened an office in Georgetown and is handling real estate work from the Austin office.

A total of 6,300 acres of land will be required for the North Fork project and to date 3,369 acres have been acquired by the government.

The balance of 2,931 acres will either be acquired or under condemnation by Dec. 31, 1973.

The government is expected to begin relocation of utilities in the area early next year.

Later next year the government will begin actual construction of the

outlet works, embankment and spillway on the North Fork Dam.

The Laneport Dam will be about seven miles east of Granger.

This will require 14,850 acres of land and the government has purchased 7,236 acres. The Dec. 31, 1973 deadline has also been set for the remaining 7,614 acres.

Construction of the initial embankment and partial excavation for the spillway began when work started on the project building and access roads.

Dahlaström Corp. of Dallas was awarded a \$3,141,677 contract for construction of the initial embankment and partial excavation for the spillway.

The work will include clearing and grubbing of an estimated 9,800,000 cubic yards of compact fill for the dam embankment, 2,900,000 cubic yards of dirt will be moved for excavation for the spillway.

Laneport will provide 37,900 acre feet of conservation storage of water, 162,200 acre feet for flood control and 44,100 acre feet of space for sediment reserve.

The dam will be 12,467 feet long and a maximum height of 99 feet above the river bed.

The North Fork Dam will be 5,950 feet long with a maximum depth of 165 feet above the river bed.

The reservoir will contain 29,200 acre feet of water at conservation level, 87,600 acre feet of water at flood control level and 14,000 acre feet for sediment.

The projected cost of the two projects is \$700,000.

## Cotton Program Told

Major provisions of the 1973 Upland Cotton Program -- aimed at improving the commodity's position in the market place -- have been announced by Secretary of Agriculture Earl L. Butz through the county ASCS office.

The announcement includes the following major provisions:

--A national base acreage allotment of 10,000,000 acres

--No cropland set-aside requirement as a condition of program eligibility

--A national production goal of 12,075,000 standard bales

--A preliminary payment rate of 15 cents per pound

The 1973 national average loan rate was announced on October 17 at 19.5 cents per pound, the same as for the 1972 crop.

Elimination of the set-aside requirement will free about 2 million additional acres of cropland on cotton farms for any crops that producers choose.

Producers who wish to participate in the program must sign up at the local ASCS county office. Signup dates will be announced later.

## Buckholts Sets Annual Carnival

The Buckholts Rural High School will hold its annual Carnival starting at 6 p.m. Tuesday, November 28 in the school gym.

The carnival will feature a chili supper, bingo games, other game stands, and concessions.

Exhibits will be provided for the public by the Boy Scout Troop of Buckholts and the 1st Calvary Division of Fort Hood.

With F.M.L.

The strings sounded like piano wires. And the tennis balls hardened as the temperature dropped below 40 Sunday afternoon.

Holding a racket wasn't quite like flesh welded to cold steel, though the leather grip was taut in the lowering temperature.

A warmup jacket became an oven you dare not remove if you didn't want laryngitis to turn to light pneumonia.

And the tennis. Well, it was mediocre. And two sets of singles guaranteed a cold cleansing of the lungs.

A game for lunatics oblivious to cold, maybe.

113-113-113

The movie "Patton" was on in entirety Sunday evening, a recounting of a flamboyant military man whose commitment to winning probably turned the German breakthrough at the "Bulge" into disaster.

Gen. George Patton used, as German military researchers said, the language of a stable boy. And he slapped a GI in a field hospital, almost ending his career. But he was restored to command of the Third Army, which broke across France during World War II until the last German counter-offensive toward Belgium.

His sense of destiny and military history led him to believe in reincarnation, even to saying, as

daft as it made him sound, that he was at famous battles centuries before he was born. The Germans called him a "magnificent anachronism."

The President saw this movie more than once when it first came out a couple of years ago. And some critics wondered if Mr. Nixon was so influenced by George Scott's interpretation of Patton that he decided on the Cambodian venture.

Patton was a man of action. He even went out to shoot at strafing German planes with his pistol in North Africa.

And Scott, the man who played Patton, won an Academy Award which he would not accept in person.

Scott also left Journalism School at the UofMo to enter acting, a decision good for professional theatre and George S. Patton's memory.

113-113-113

The movie didn't develop the theme, but it did show that tankman Patton and Field Marshal Erwin Rommel, the German master of tank warfare, shared a distaste for mixing politics with war. It cost Patton over all command of the Allied Invasion of Europe and finally relief from Third Army Command. And it cost Rommel his life, as he participated in an abortive attempt to kill Adolf Hitler.

Integrity, flamboyance, skill, victory, failure, death. Who would not be influenced by such men?

## Permits Required For Advertising Signs

AUSTIN

Owners of advertising signs along Interstate, US and major State-numbered highways have until December 31 to apply for permits required under the Texas Highway Beautification Act.

The act controls all outdoor advertising signs from the largest signboard to the smallest sign hanging from a fence along the right of way line.

The Texas Highway Commission established the deadline under the legislation which became effective on June 29. The act requires that no person may erect or maintain a sign within 660 feet of an Interstate or federal-aid primary highway in Texas without a license to engage in outdoor advertising.

In addition to the license, the sign owner must have a permit for each sign he has now or which he plans to erect.

On-premise signs -- those advertising activities conducted on the premises and those offering the property for sale -- are exempt.

The act will be implemented in stages. The first stage requires the owner of the sign to obtain a State license and post a bond. The license fee is \$25 and the license is valid for an indefinite period.

The license application must be accompanied by a bond in the amount of \$2,500 for each county in which signs are located, or a maximum bond of \$10,000 for owners with signs in more than three counties.

Both license and bond form applications may be obtained by writing the Right of Way Division, Texas Highway Department, P. O. Box 5075, Austin, Texas 78763.

After obtaining a license, the owner is required to obtain a sep-

arate permit for each existing and new off-premise sign on the affected highways. Sign permit application forms can be obtained from the Right of Way Sections of the Highway Department district offices.

Anyone planning to put up a new sign on the controlled highways should check with the Highway Department district office in his area before doing anything, to determine if the proposed sign location conforms to the law.

Owners of signs along the controlled highways in Milam County who have questions about the program should contact Joe G. Hanover, P. O. Box 3249, Bryan, Texas.

## Tin Can Lids Needed For Library Tree

Shiny tin can lids and bottoms are being collected by Friends of the Library for an "Ecology Christmas tree" to be decorated on the library grounds for the holiday season.

The lids will be strung by members of Boy Scout Troop 752, and will be placed on the large tree by TP&L men, according to Miss Christine Laws, Friends chairman.

She asks that the tin can lids be turned in by November 28. They may be left at Miss Laws' office in the post office building, at her home, at the homes of library board members or at the library.

Clubs and organizations have been asked to collect lids and the public is invited to share in the holiday project.

FOR 'ECOLOGY TREE' -- Chris Laws shows bright tin can lids being collected by Friends of the Library to decorate a large elm tree on the library grounds for Christmas. Thousands of the lids are needed, and folks are asked to save their lids and turn them in by November 28.

## Another Peace Prize...

West German Chancellor Willie Brandt took 54 percent of the vote, more than expected, for re-election in Bonn Sunday.

The German Chancellor and Nobel Peace Prize winner won public accolades for his detente efforts with East Germany, separate since World War II and physically divided by the Berlin Wall, now coming down.

Brandt is a Social Democrat, which won by only 2.6 percent in 1969 to put him in power.

Christian Democrat Rainer Barzel conceded only hours after computerized estimates of the Brandt win came in. Predictions had been the race would be closer.

Actual seats voted were 45.3 percent to Social Democrats and another 8 percent plus to coalition Free Democrats for the 54 percent win. There is no direct vote for chancellor, who is named by majority party in the Bundestag.

It was November 7 all over again. President Nixon's peace efforts in Peking and Moscow and reduction of the Vietnam War undoubtedly gave the President a heavy margin made larger by the absence of American Party Candidate George Wallace.

It seems every German political party somehow includes the word Democrat. The Christian Democrats, in power beyond the Adenauer years, are the more conservative. Without the coalition Free Democrats, Brandt's party would have had only one-half of a percentile edge over Barzel's Christian Democrats.

One of the most poignant pictures of a Western statesman published in years showed Brandt about 18

months ago at a monument in East Germany where hundreds of thousands of Jews had perished. He was kneeling at the marker and the sign of remorse, perhaps touched by tears down his cheeks, was plain in his face. He won the Nobel Peace Prize in 1971.

Brandt also has introduced Ost Politik, an effort to deal with Russia as well as East Germany and Poland.

Coming up will be the signing of a treaty between the two Germanys and separate application for membership in UN. Brandt no doubt sees his re-election a mandate for both.

Significance of Brandt's re-election is in the historic distrust the German people maintain of the Bolshevik or communist view. This traces itself back about 150 years, when Karl Marx, a German-Jew, emerged as a grand interpreter of the communist response to the Western industrial revolution and old world capitalism. Marx was chased out of most of the capitals of Europe, finally ending up in London where he wrote "Das Kapital," assisted by Friedrich Engels, and where he died a pauper.

It would appear this basic distrust is mellowed by the fact the German people want reunion, in part, at least, regardless of ideology. Brandt has followed this tack.

President Nixon and Chancellor Brandt read the hopes of their countries rather well. Unity between two real, powerful worlds is what each pursued, the divided Germanys, the trilogy of China-Russia-United States.

Re-election is what each won. Another American President, Woodrow Wilson, would be pleased with both.

### A CHROMIUM ORE, FARM PRODUCE 'TAP DANCE'

REP. ROBERT PRICE (Texas) "... I must applaud the action taken by the House... in voting to put an end to the ridiculous and self-defeating policy of embargoing the importation of chromium ore from Rhodesia."

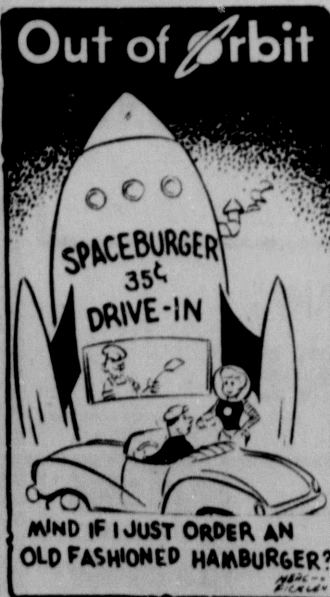

"The United States was duped into going along with the U.N. 'sponsored' program of sanctions against Rhodesia which has only served to cut off our nose to spite our face. While liberals here and abroad have sought to justify a Rhodesia boycott to show disapproval of that government's internal policies, they have overlooked the fact that they have placed the United States in the position of dependence for strategic material upon the U.S.S.R."

"We have been 'Uncle Sam' and while we have been chastized about living up to our 'commitments,' other pious U.N. members have continued to carry on a brisk under-the-table trade with Rhodesia, whose clientele list probably the U.S.S.R."

"And certainly, if we are now willing to talk with and trade with the Russians and the Red Chinese, there can be no justification whatsoever for maintaining an unrealistic policy toward friendly, independent, and strategically important Rhodesia..."

U.S. TO SELL FEED GRAINS TO U.S.S.R.  
REP. PAUL FINDLEY (Ill.)  
The sale of nearly 3 million tons of U.S. feed grains to the Soviet Union, announced last week, is a historic event of great importance to the American farmer.

"The shipments that will be made between now and July 1972, equal more than 15 percent of all U.S. feed grain exports last year. This is particularly significant as we are in the midst of harvesting the largest corn crop in history. In addition to the tremendous lift this gives to agriculture, it also benefits the U.S. balance-of-payments position since the Soviet Union will pay for the grain with U.S. dollars..."

The 4,000-mile Amazon River is not quite as long as the Nile, but 60 times as much water pours out of the Amazon's mouth into the Atlantic -- eight trillion gallons a day at maximum flood.

## OLD PHILOSOPHER

Dear editor:

Now that the election is over by a landslide (the day after it was over an intellectual-type neighbor of mine went into town and told his barber "Give me a haircut quick that'll make me look like a Republican") we can get down to normal discussions, and I got interested in an article I read on the celebrated grain deal with Russia, which I can discuss objectively as I don't grow any grain. I lose money on peanuts.

According to it, while it's true the Russians, caught without enough grain to feed themselves, bought one billion dollars worth from us, they borrowed half the purchase price, 500 million dollars from us to buy it with. At the same time, seeing as how they still owed us two billion dollars for material we let them have during World War II, they agreed to settle that debt, I guess to keep their credit rating up, and the terms we agreed on were seven cents on the dollar, to be paid back before the year 2,000.

I have been thinking this over, sort of letting it sink in and have come to two conclusions: (1) American farmers unquestionably can out-produce Russian farmers and (2) Russian financiers unquestionably can out-think American financiers.

I'll tell you, if I could just locate a banker that operates on the international level there's no telling how far I could expand my operations. If he'd lend me say \$50,000 and then 25 years later come around, clear his throat, and say the note really ought to be settled and how about paying it off at seven cents on the dollar some time in the next 25 years, and in order not to

offend me how about another loan of \$10,000 to buy groceries with, I'd say that's the banker I've been looking for all my life.

You know, as I understand it, practically every unit of government in this country and every other one on earth is in debt, along with millions of private citizens, and I was just thinking, why don't we all settle for seven cents on the dollar and get everybody out of debt and back on his feet?

Yours faithfully,  
J. A.

## THE FAMILY LAWYER

"You Dirty Crook!"

Baseball umpires and football referees take it in stride. But there are times when the cry "You dirty crook!" or words to that effect--can amount to

slander. How the courts look upon such outbursts tells a great deal about the law of defamation of character.

Take this case:  
During an argument at a golf course, one player called another

"a lousy crook." The latter filed suit for slander, charging that the epithet had branded him as a common criminal.

But the court disagreed. At least in this situation, said the court, the words were no more than generalized bluster.

Oliver Wendell Holmes once expressed the law's attitude as follows:

"A word is not a crystal, transparent and unchanged; it is the skin of a living thought, and may vary greatly in color and content according to the circumstances and the time in which it is used."

Accordingly, another court found it was indeed defamatory for a jeweler to say of a rival jeweler that he was "a crook... mixed up in some crooked deals."

This time the comment, made during a business conference, was clearly meant to be taken literally.

Even in a non-business setting, this kind of language may be defamatory. At a club meeting, one of the members denounced the club president as "a cheat and a fraud." In short order, the president filed suit for slander. In a court hearing he pointed out that the remark had been made not merely as a general insult but as a specific comment on his performance in office. The court decided that, since the office was one of trust and honor, the words were weighty enough to support a suit.

"Those words," said the judge, "cannot but impair confidence in (the president's) ability to hold the office."

Some 68 pecan varieties competed in the 1972 Milam County Pecan Show November 18 in Rockdale. The number of entries was good in comparison with recent shows, but failed to reflect the good crop of some 750,000 plus pounds predicted for the county this year.

Pecan quality for the show entries was excellent and this did not reflect the rather poor pecan quality Milam County has experienced this year.

Winkler Pecan Farm, Moody, Texas furnished two pecan crackers for the show, one for native pecans and one for improved. These proved to be very popular with Milam Countians as over 500 pounds of pecans

were cracked during the show.

Entries were processed Friday, November 17 in preparation for the judging on Saturday. Processing includes weighing a 10 nut sample, shelling, and calculating the number of nuts per pound and the percent kernel of each variety. In the judging this information is used as well as the visual kernel quality.

Three Champions and Reserves were named at the show:

Champion In-shell pecan - USDA Known Hybrid 53-9-191 - Mrs. J. D. Moore, Cameron.

Reserve Champion In - Shell - Choctaw - E. J. Provasek, Cameron.

Champion Shelling Pecan - CADDO - Dr. E. W. Cain, Calvert.

Reserve Champion Shelling - SIOUX - Mrs. J. D. Moore, Cameron.

Champion Native Pecan - Marv Beery - Rockdale.

Reserve Champion Native - Marv Beery - Rockdale.

Other results are as follows: BURKETT - 1st - Dr. B. W. Cain, Calvert; 2nd - Mrs. John Sapp, Cameron; 3rd - Suzi Tumlinson, Cameron. CHOCTAW - 1st and Reserve Champion In - Shell - E. J. Provasek, Cameron; 2nd - Mrs. J. D. Moore, Cameron; 3rd - Gilbert Frenzel, Buckholts.

DESIRABLE - 1st - Wayne Laurence, Rockdale; 2nd - Dr. B. W. Cain, Calvert; 3rd - E. J. Provasek, Cameron. EASTERN SCHLEY - 1st - Anton Anderle, Cameron; 2nd - M. S. Pugh, Rockdale. MAHAN - 1st - Mrs. John Sapp, Cameron; 2nd - Edwin Adams, Buckholts; 3rd - Anton Anderle, Cameron. SIOUX - 1st - Reserve Champion Shelling - Mrs. J. D. Moore; 2nd - Gilbert Frenzel, Buckholts. SUCCESS - 1st - Mrs. John

Sapp, Cameron; 2nd - Dr. B. W. Cain, Calvert; 3rd - E. J. Provasek, Cameron.

SQUIRREL'S DELIGHT - 1st Mrs. John Sapp, Cameron; 2nd - Mrs. Don Humble, Cameron; 3rd - Gery Hollas, Cameron; STUART - 1st - E. J. Provasek, Cameron; 2nd - Mrs. John Sapp; 3rd - Fritz Koch, Rockdale.

TEXAS PROLIFIC - 1st - Suzi Tumlinson, Cameron; 2nd - Sarah Tumlinson, Cameron. NATIVE - 1st and 2nd and Grand and Reserve Champion went to Marv Beery of Rockdale. 3rd Place went to Mrs. John Sapp of Cameron.

Other varieties - DELMAS - 1st place - Eugene Schattler, Cameron; ONLIWON - 1st - Anton Anderle, Cameron; ODOM - 1st - Anton Anderle; USDA KNOWN HYBRID 53-9-191 - 1st and Champion in shell pecan - Mrs. J. D. Moore. SHAWNEE - 1st - Mrs. J. D. Moore; CADDO - 1st and Champion Shelling pecan - Dr. B. W. Cain, Calvert. MOHAWK - 1st - Mrs. J. D. Moore. WESTERN - 1st - Anton Anderle.

## FFA Teams Place In Contests

Yoe High FFA Chapter teams placed in the 42nd annual State Leadership Contest held at Sam Houston University on November 18.

The junior farm skill demonstration team placed 8th in the Greenhand division, for students enrolled in Vocational Agriculture for the first time.

The senior farm skill team won fifth place in the Chapter Farmer division, for members with previous FFA experience and membership.

## Resistant Grain Developed

Two greenbug - resistant sorghum breeding stocks - TAM Bk-41 and TAM Bk-42 - have been released by the Texas Agricultural Experiment Station.

The stocks are agronomically improved sources of resistance to the greenbug but are not yet suitable for commercial production.

They were developed at the Texas A&M University Agricultural Research and Extension Center at Lubbock by Dr. J. W. Johnson, sorghum breeder, and Dr. G. L. Teetes, entomologist. A grant in aid for the project was provided by the Texas Grain Sorghum Producers Board.

Johnson said TAM Bk-41 and 42 are being released to expedite development of a wide range of commercially acceptable greenbug-resistant sorghum hybrids.

"Greenhouse and field trials have shown the sorghums to be highly tolerant to greenbugs in both the seedling and adult plant stages of growth," Johnson said. "Preliminary studies indicate that insecticides would not be required to prevent greenbug damage to sorghum plants possessing the resistance found in TAM Bk-41 and TAM Bk-42."

Greenbug-resistant sorghum research was begun by Johnson in 1969. The pest was costing Texas sorghum producers an estimated 10 million dollars annually in yield losses and chemical costs.

Breeding progress has been more rapid than expected, the agronomist pointed out.

## Naman Condemns Ag Dept. Action

Texas Farmers Union President Jay Naman of Waco condemned the Department of Agriculture's decision on next year's cotton program as being "devastating" to Texas cotton farmers.

In a statement released Thursday, Naman said, "The decision by Secretary Butz to reduce cotton payments is the second of a one-two punch on the cotton farmer's chin. Mr. Butz landed the first blow with the announcement that the last year's low loan level would be extended for another year. He now adds insult to injury by depriving cotton farmers of 13% of their pay acres. This will be a knock-out blow to many Texas cotton farmers."

Naman pointed out that the Department of Agriculture encouraged more cotton production and created the low price condition that now plagues the Cotton Belt. He said that USDA seems intent on putting soy-beans and feed grain producers next year in the same predicament as cotton farmers this year.

"By removing the 20% set-aside, Secretary Butz is opening the door to the expansion in production of possibly two million more acres in soybeans on cotton acres that have been out of production. This will provide the incentive for southern and southwestern cotton producers to substantially increase their acreage in grain sorghum and corn next year," Naman said.

"If Secretary Butz had wanted to help cotton farmers, he would have increased the loan to a minimum of 28¢ a pound and announced a paid diversion program for cotton in place of the free set-aside. This would provide cotton farmers with some of the options now open to feed grain producers."

"Texas cotton farmers stand to lose in excess of thirty-seven million dollars in reduced pay acres on cotton next year because of a decision by the Secretary of Agriculture."

"It is time for Congress to remove some of the discretionary power which Mr. Butz now has and uses so irresponsibly," the state farm organization leader said.

## Poage Says Contract Cotton Crop

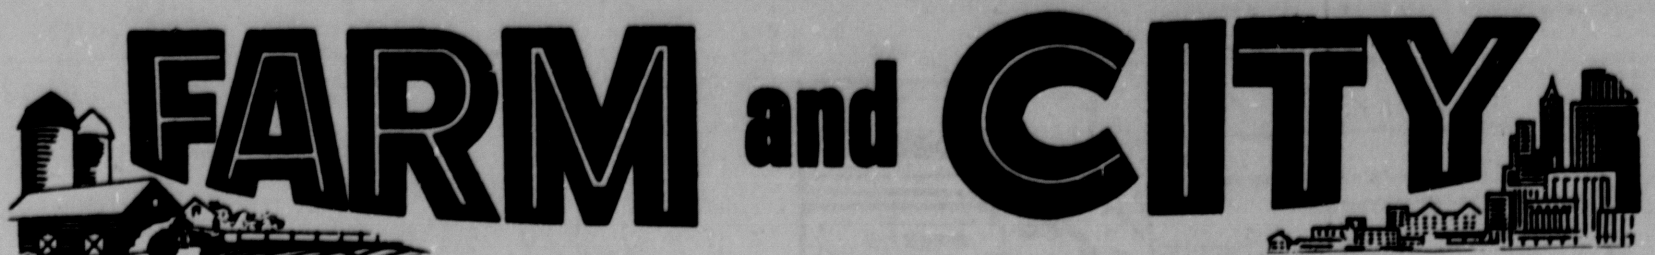

LUBBOCK

Chairman W. R. (Bob) Poage, D-Tex., of the House Agriculture Committee told a cotton growers organization here today that the solution to their price problem may lay in widespread contracting of their crop with mills before it is produced.

He made the suggestion after calling attention to the fact that the existing farm price support act expires at the end of next year and indicating it will be difficult to get an urban-oriented Congress to pass new legislation even as good for the farmer as the present law.

Reviewing the present depressed cotton market situation, the Congressional leader said that prices of the staple dropped sharply as it became known that this year's yield would reach about 13.8 million bales, some 33 percent over the 1971 crop. Weather was a factor, and yields increased from an average of 438 to 505 pounds per acre.

Presently there is little or no market for a great deal of our cotton," he said. "No one seems to want to buy cotton. Why is this? I am told that about 32 percent of the acreage or possibly 40 percent of the production of the 1972 crop was contracted in advance. Those who contracted in advance got a pretty good price for their crop. Those who did not contract got the short end of the stick."

Compiled From Sources  
Of The Texas Department of Agriculture  
John C. White, Commissioner

Winter wheat furnishing grazing... Rio Grande Valley citrus production increasing... Texas still cattle feeding king... Questionnaires in mail...

Full grazing capacity of the state's winter wheat crop is expected when weather conditions improve. Seeding of wheat is nearing completion. About 40 percent of the 1973 wheat crop is already of sufficient growth to permit grazing; last year at this time only 10 percent of the crop could be grazed.

AN INCREASE of 15 percent for the state's citrus production is forecast by the Texas Crop and Livestock Reporting Service. Grapefruit production is expected to total 10.4 million boxes, 13 percent above the 9.2 million boxes produced last year. Early and mid-season oranges are forecast at 415 million boxes, 18 percent above last year.

As production is up so is the quality of Texas citrus this year. Increased fresh market shipments are expected through November. Trees are in excellent condition, although cooler weather would help color and size the fruit.

CATTLE feeding honors still belong to Texas. As of November 1, there were 2,266,000 of cattle and calves on feed in Texas. This is 30 percent above 1971 and is also eight percent above a month ago.

Marketings of fat cattle during October totaled 406,000 head which is 14 percent above October of last year.

In the seven major cattle feeding states-Texas, Arizona, California, Colorado, Iowa, Nebraska, and Kansas-there is a nine percent increase in cattle on feed compared to a month ago and 13 percent more than a year ago.

LIVESTOCK questionnaires have been mailed to 60,000 livestock producers in the state as a part of the annual livestock survey conducted for Texas. If you receive one of the questionnaires, you are requested to fill it out as accurately as possible and return it as soon as possible. This is the basis for estimating the state's livestock numbers and getting as complete a picture of the livestock industry as possible.

None of the information will be divulged on an individual basis. It will be compiled into county, area and statewide totals.

A county-by-county report on all agricultural production for 1971 is now available. All 254 counties in the state-from A to Z (Anderson to Zapata) are included. Information for each county includes all agricultural production as well as cash receipts and government payments. A statewide total is also included.

To get your copy free, write to Texas Department of Agriculture, Box 12847, Austin, Texas 78711. Ask for 1971 Texas County Statistics.

COTTON production in Texas is now estimated at 4,210,000 bales. This would exceed the 1971 crop by 1,631,000 bales. Yield is expected to average 387 pounds per harvested acre compared with only 263 pounds harvested per acre in 1971. Harvested acres are set at 5,220,000 compared with 4,700,000 acres in 1971.

Harvest of the crop is virtually complete except for the High Plains where about half the state's production is grown.

MILK production during October in Texas is little changed from last month and a year ago. It is one percent above a year ago, but one percent below the previous month. Total milk production was 266,000,000 pounds.

## DDC Grads Comment

"The Defensive Driving Course can improve the driving habits of even the best drivers. I cannot recommend it too highly." This is one of many similar comments which have been coming from DDC graduates throughout Texas according to the Texas Safety Association.

Appointed by the State Board of Insurance as DDC Coordinator in Texas, TSA mails a quality control survey card with every fifth certificate they issue to DDC graduates who wish to take advantage of the available 10% insurance credit.

One of the questions the survey card asks the graduates is whether they think the DDC has helped them to be safer drivers. Yes--is the continuously overwhelming reply.

"It made me acutely aware of the possibilities of defensive driving, and wakened me to some of my own bad driving habits," one person wrote. Another replied that, "The DDC made me more courteous and cautious when driving."

"This is a good course for young drivers who are just forming their driving habits," one person suggested, and still another stated, "The course has made me more sensitive to accident potential situations. Already my attitudes and alertness have improved."

Many respondents felt the DDC had instilled in them driver confidence and gave them an entirely new concept of safe driving. Others confessed an awareness of dangerous driving habits as a result of the course. "I think the course ought to be compulsory for everyone who is issued a driver's license."

"The Defensive Driving Course is obviously having the same effect on Texans it has had on other drivers across the nation," says Lloyd Palmer, General Manager of TSA. "DDC is designed to teach the driver defensive driving attitudes so that he can identify and deal with potentially hazardous situations on the streets and highways. We believe the course will save lives."

## Young Men Reminded To Register

Col. Melvin N. Glantz, the State Director of Selective Service for Texas, has again reminded young men of their obligation to register with Selective Service within 30 days of their 18th birthday.

Young men may register at the office of the local board near their home or place of residence, or may be registered by volunteer registrars who are located in most high schools or other convenient locations.

Registrars in the Milam County area are:

John D. Yoakum, Milano, Floyd W. Stark, Buckholts; Roy L. Allen, Rockdale; Norman Clement, Thorn-dale; and Henry J. Litzman, postoffice, Cameron.

Glantz stressed that the requirement to register will continue in full effect whether the all-voluntary military force becomes a reality or not.

Failure to register may result in a fine, imprisonment, or both, under provisions of the Military Selective Service Act.

Nutcracker  
Ballet Slated  
For Austin

A huge success in 1970, the Nutcracker Ballet will again be performed by the Austin Civic Ballet this Christmas season.

The two performances will take place in the Austin Municipal Auditorium at 8 p.m. December 8 and at 2:30 p.m. December 9.

The Austin Symphony will accompany the Ballet.

Giving the traditional Christmas ballet fresh dimensions are the new co-artistic directors Alexandra Nadal and her husband, Eugene Slavin. Before moving to Austin, the Slavins danced with the Ballet Russe de Monte Carlo and the Royal Winnipeg Ballet.

Tickets for the December 8 performance will be available starting November 29 at all Kara-Vel shoe stores, the Lorelei Gift Shop and the University of Texas Hogg Auditorium, all in Austin. Tickets will also be available at the door of Municipal Auditorium the day of the performance. The cost is \$4, \$3, and \$2.

The afternoon performance on December 9 will be free. Tickets, intended primarily for children, must be picked up prior to the performance at the Austin Parks and Recreation Department.

ALCOA PARTY guests were greeted at Cameron Country Club Tuesday night by (from left) Cameron Mayor Gene Blake and Mrs. Blake, Alcoa Rockdale Works Manager Fred Bergeron and Mrs. Bergeron, Cameron Chamber of Commerce Presi-

dent Don Humble and Mrs. Humble, Alcoa Public Relations Officer Hal Reagan and Mrs. Reagan and Jim Camp, Cameron Industrial Foundation vice president and Mrs. Camp.

Reception Extends Good Wishes  
To Alcoa On 20th Anniversary

Cameron extended good wishes to Aluminum Company of America Tuesday night marking the 20th anniversary of the giant plant's opening in Milam County.

The event, a reception buffet at Cameron Country Club, attracted more than 400 Central Texans for a capacity crowd at the newly remodeled club house. Principals Fred P. Bergeron,

Alcoa Rockdale Works manager, Cameron Mayor Gene Blake, Don G. Humble, Cameron Chamber president, Jim Camp, vice president of the Cameron Industrial Foundation and Hal Reagan, Alcoa public relations officer, set the 'good neighbor' tone for the evening.

Though designed as a salute to Alcoa, Cameron industrialists, county and state

officials and utility industry representatives were much in evidence.

Country Club reception rooms were aglow with candlelight and a garden setting of autumn flowers. A display of Alcoa products in the band alcove drew interested guests throughout the evening.

A 4 foot tall pyramid of autumn flowers centered the long buffet table where silver trays and chafing dishes offered turkey, ham, relishes, Swedish meatballs and pastries. Punch was served from silver bowls at two side tables. Rivaling the buffet table for attention was a checkered-cloth covered round table laden with a large cheese round and crackers.

The 20th anniversary party was set in motion by a group anonymously named Cameron Citizens Committee and backed by a decorations and food committee composed of Mmes. Emory B. Camp, Don Humble, Gene Blake, Lester Williams, John Davis, Jim Camp, Bill Burns, Bob Ellett, Frank Luecke, Henry Siebman and James Brock. Also assisting at the party were Miss Jane Burns and Mrs. Rollan Carr.

The final division was Yeast Breads with Angie Garza of Rockdale and Rosemary Ehler of Cameron both receiving blue ribbons.

The Judges for this event were, Mrs. Joy Walker of Milano; Mrs. Jean Henderson; Mrs. Carroll Green, Sr.; and Mrs. Bill McCutchen all of Cameron; Mrs. James Petty and Mrs. Lucy Mae Brooks of Rockdale; and Mrs. Frank Nelson of Griffin Chapel.

The New Salem Home Demonstration Club helped arrange for the building, did the clean up and decorating. The Milam County H. D. Council furnished coffee and cakes and the baked goods were sold after judging.

Two recipe booklets on pecans were available free of charge and a slide set promoting Texas Food and Fiber Abundance Month was made available courtesy of the Milam County Farm Bureau.

Five hundred pounds of pecans were cracked for Milam County residents at 7¢ per pound courtesy of the Milam County Horticulture Committee and Winkler's Pecan Farm of Moody, Texas.

## Sports Murray-Go-Round

By Tom Murray

One prominent Houston Aggie, now singing the praises of Emory Bellard, was whistling another tune when the College Station Maroon was in the throes of that six-game losing streak. "He's (Bellard) lost control given up. Why else would he replace lettermen with freshmen?"...Now, Bellard is being called a genius for having the courage to make those mid-season switches.

While Kirbyville's Bubba Bean, Smiley's Carl Roaches, San Antonio Lee's Super Receiver Richard Osborne, and Del Valle's Skip Walker have received most of the publicity, Ronnie Hubby by the kid from Clovis, may just be the guy who turned the Aggies around. The 195-pound Frosh halfback pulled off key gains in both the Arkansas, SMU and Rice games. You know, the kind which attract few fans but only win football games... Another Aggie change for the better has been the excellent blocking of Bay City's Soph. Gurad Ricky Seeker.

When the Traveling Southwest Conference writers

made their Pre-season picks, after personally visiting each squad in practice, they voted a virtual toss-up between Darrell Royal's UT Longhorns and Aggies for runnerup behind Arkansas. Well, you might not recognize either lineup from the pre-season rosters, but the Longhorns and Aggies should be about that close when they tangle Thanksgiving night at Austin. This is the most evenly-matched Texas - A&M game since 1968.

### HOW ABOUT DKR?

No doubt, Baylor's Grant Teaff is a sentimental favorite for "SWC Coach of the Year." And, he would deserve such an honor. But, so does Darrell Royal and his staff. First, Royal lost his Backfield Tutor Emory Bellard to the Aggies and had to move Defensive Backfield Coach Fred Akers to that job. Lonebacker Coach Tim Doerr moved to the defensive backfield. Frosh line coach David McWilliams moved up as the linebacker coach.

With both Eddie Phillips

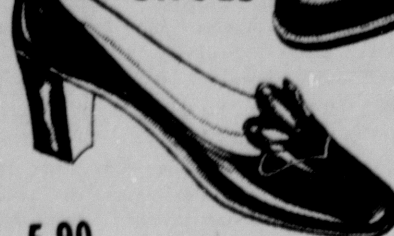

and Donnie Wigginton graduated, Royal moved All-SWC Defensive Halfback Alan Lowry to the awesomely intricate job of Wishbone Quarterback. He had not played a whole game at the position since Irving High School. He pulled in Marty Akins, a freshmen, as Lowry's Backup. Then he installed Roosevelt Leaks, a former halfback, at fullback; a lad who played only 17 minutes of freshman football because of injury.

Royal then replaced All-SWC Halfback (graduated) Jim Bertelsen with 175-pound Lonnie Bennett and finally with Don Ealey, a former defensive end. When his offensive line broke down, Darrell moved Tackle Bill Wyman to center, Guard Steve Odey to Tackle, benched All-SWC Guard Don Crosslin and put Sophomore Bruce Hebert in his place. When Two-Year Starting Halfback Don Burris was lost for the season with a Baylor game knee injury, he was replaced by Nederland's Tommy Laundry, who was a 1971 starter at safety and linebacker.

Bringing in the harvest is hard work! Just the thought of lugging this big pumpkin around is enough to make Carol and Sue tired and sleepy!

But what will Mommy do? She will make pies for Thanksgiving dinner. Then the house will smell sweet and spicy from the baking, and there will be a big table with the huge, browned turkey, and grandfather will say grace . . .

Thanksgiving is a day unique to Americans. In this troubled world of today Americans might count their blessings with hesitant hearts, but stop to compare your lot with your brothers in other nations, and you will soon find that God has given to you bounteously.

Give thanks, then, in the church of your choice.

## CARD OF THANKS-

## LOUIS ELLEY

We wish to express our deepest appreciation to all of our friends, neighbors and relatives for the beautiful flowers, memorials, cards, food and kind expressions of sympathy during our recent bereavement of the loss of my beloved husband, my wonderful father, son and brother. We wish to especially thank the staff at St. Edwards Hospital, Dr. Sidney Richardson, Dr. Clifford Swift, the pallbearers, Rev. Alvis Coleman, Rev. Ernest Davis and the Marek-Burns-Laywell Funeral Home.

Words can not express the gratitude we feel, knowing that Louis was loved by all. May God bless each of you.

Effects of Alcohol on Driving

A typical comment from drivers who have been drinking and then become involved in crashes is, "I didn't see him (or it) until it was too late." The Central Texas Alcohol Safety Action Project says, "With blood alcohol concentration of 0.10 per cent, one's ability to see a sign is decreased, and his ability to act on the information is impaired. All along the line, from perception through judgment to response, excessive alcohol lowers driving ability."

Mile High Pie

1 can (29 ounces) apricot halves

1 envelope gelatin  
1/4 cup cold water  
4 eggs  
1/4 cup sugar  
2 tablespoons lemon juice  
1/4 teaspoon salt

1/4 teaspoon cream of tartar  
1/2 cup sugar  
1 baked 9-inch pie shell  
Drain apricots, chop and measure 1 1/2 cups. Reserve remaining apricot halves for

garnish. Dissolve gelatin in cold water. Separate eggs. Beat egg yolks in top of double boiler and add chopped apricots, 1/4 cup sugar and lemon juice. Cook over hot water 5 minutes. Add the dis-

solved gelatin to fruit mixture and stir until well mixed. Cool until slightly congealed. Beat the egg whites until frothy and add the salt and cream of tartar. Gradually add 1/2 cup

sugar, beating until meringue stands in peaks. Fold apricot mixture into meringue. Pour into baked pie shell and chill 4 to 6 hours or until firm. Garnish with reserved apricot halves.
